15	Microsoft Application Virtualization App - V	Windows CSP-Microsoft Application Virtualization App-V
14	PVDs	Differentiated Value Proposition - PVDs
13	Opportunity	SQL - Server Opportunity

CREATE & CURATE LEARNING EXPERIENCES

Multiple activity paths and custom evaluations allow educators to deliver tailored learning experiences that meet the unique needs of each student.

GAMIFY LEARNING

Create friendly competition among students by awarding project-based points and activity completion medals that encourage users to stay engaged and continue building their skills profiles.
